COMMERCIAL TENIS

Are produced in three standard sizes.

	width (cm)	depth (cm)	height (cm)
Vika 1	200	200	218
Vika 2	250	200	218
Vika 3	300	200	218

All tent covers are sewn with expandable twine on wrapping machines made from water resistant material - certified.

Commercial tents Vika 2 i Vika 3, are equipped with 4 zippers for greater versatility, The bottom of all standard tents is attached to the frame by metal hooks.

Basic Colors:	
element	colour
tops	white
sides and back walls - white	white - blue striped white - green striped
Possibility of color selection per custom orders.	

Frames are produced out of oxidized steel pipe with a wall 1mm thickness Ø 20 and 25 mm, equipped with snaps preventing the frame from sliding apart.
